NOTE ON CLASSIFICATION OF THIS DOCUMENT:

The attached stenographic notes of a meeting of the IAC held December 8, 1947 were acquired for A. B. Darling, (then Historian) in 1952 from the files of the Office of Intelligence Coordination. No classification was assigned by the originating office presumably because a decision was made not to circulate the notes beyond the files of the Interdepartmental Coordinating and Planning Staff which originally held them. IT IS FOR THIS REASON THAT NO CLASSIFICATION IS STAMPED ON THIS DOCUMENT. In all probability, however, these notes would have been considered Secret or Top Secret by those participating in the meeting. It is suggested that they be handled accordingly.
